

ATHLETIC PHILOSOPHY OF BADIN HIGH SCHOOL

Athletics play an important role in the Philosophy of Badin High School. Realizing that the total development of the student involves mental, physical, emotional, and social development, we strive to nurture unselfish attitudes and develop self-discipline through athletic competition.

Athletics expose students to concepts of teamwork, dedication to purpose, emotional control, goal setting, and the ability to accept criticism, success and failure. The involvement of the students in athletics at Badin is a **privilege** and there are standards of conduct that must be upheld. All students involved are required to follow the policies set forth by Badin High School and the athletic department. We continually strive to encourage all teams equally to their highest level of performance both on and off the field of play.

All sports offered at Badin are important. The athletic program is intended to offer a variety of opportunities for a variety of students. Some sports are more visible and receive greater media coverage. Athletic participation, however, is of equal importance regardless of sport.

Athletes, parents, faculty, staff, alumni and others involved in the athletic program are always expected to keep sports in the proper perspective as part of the educational mission of the school and to not lose sight of the ideals of amateur athletic competition. Badin pledges itself to the promotion of good sportsmanship and respect for participants, officials and others.

PARENT/COACH COMMUNICATION

As a member of the Ohio High School Athletic Association, The Greater Catholic League, Badin High School strives to provide a well-planned and well executed athletic program for the maximum number of students consistent with available facilities, personnel, financial support and policies of the school and its' athletic associations.

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefits to children. As parents, when our children become involved in our program, you have a right to understand what expectations are placed on your child. This begins with clear communication from the coach of your child's program.

The Badin Rams Athletic Program is based on the following premises:

- The fundamental purpose of Badin High School is academic preparation in a Catholic environment, and co-curricular activities supplement the purpose for which Badin exists.
- Interscholastic athletics are an important part of the overall educational program of Badin High School.
- It is important to instill in our athletes respect, pride, and loyalty to self, school and team and to develop a healthy sense of competitive spirit and desire on the field and in life.
- The growth and development of the well-rounded student athlete – academically, religiously, socially and athletically – is a primary concern of the Athletic Department.

Communication you should expect from your child's coach:

- Philosophy of the coach.
- Expectations the coach has for your child as well as all the players on the squad.

- Locations and times of all practices and contests.
- Team requirements, such as, fees, special equipment, and off season conditioning.
- Discipline that results in the denial of your child's participation.

Communication coaches expect from parents:

- Concerns expressed directly to the coach.
- Specific concern in regard to a coach's philosophy and/or expectations.

As your children become involved in the program at Badin, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. At these times discussion with the coach is encouraged.

Appropriate concerns to discuss with coaches:

- The treatment of your child, mentally and physically.
- Ways to help your child improve.
- Concerns about your child's behavior.

It is very difficult to accept that your child is not playing as much as you may hope. Coaches are professional. They make judgement decisions based on what they believe to be the best for the team. As you have seen from the above list, certain things can be and should be discussed with your child's coach. Other matters, which will be listed below, must be left to the discretion of the coaching staff.

Issues not appropriate to discuss with coaches:

- Playing time
- Team Strategy
- Play calling
- Other student/athletes

There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the positions of the other. When these conferences are necessary, the following procedure should be followed to help promote a resolution to the issue of concern.

The procedure to address concerns with the coach:

- The first step should be to encourage your child to talk candidly with the coach, expressing questions or concerns at a time convenient to both the athlete and the coach.
- If, as a parent, you still have questions or concerns, you should contact the coach personally and arrange a convenient time to talk. **Please do not attempt to approach a coach before or after a contest.** These can be emotional times for both the parent and the coach. Meetings of this nature do not promote resolution.
- If concerns are still not resolved, the final step is to contact the Athletic Director and discuss the situation to determine any appropriate action. Mr. Melzer's phone number is (513) 863-3993 extension 122.

Parent and Spectator Expectations

It is clear that parents play an influential role in school sports. How you behave in the stands, how you talk to your student-athlete, and interact with coaches and officials makes all the difference in your son or daughters athletic experience.

Badin High School is committed to seeing that the student-athlete has a positive experience with participating in athletics. We expect all parents and spectators to behave in a manner that fosters support, enthusiasm and good sportsmanship. These expectations are vital to the success of all participants and Badin Athletics as a whole.

Any spectator, who is asked to leave a sporting event, may be subjected to the following:

- First ejection you will not be allowed to any athletic event for the following week. Second ejection you will not be allowed to any athletic event for 2 weeks. Third ejection you will be banned from all athletic events for one year.
- All incidents will be reviewed by the Administration and Athletic Department and will be handled on a case by case basis.

INELIGIBILITY AND RE-INSTATEMENT GUIDELINES AND PROCEDURES
